PROFESSIONAL EXPERIENCE

Atlassian

June -

August 2024

Software Engineering Intern

- Worked within Automation for Confluence to increase the branch component's item execution limit from 150 to 1000
- Coded within Automation for Confluence backend to complete branch limit project and 3 other tasks such as bug fixes and dev tool improvement outside internship scope
- Implemented new analytics to support the increase in the branch limit and deepen understanding of the branch component within Automation for Confluence in Databricks with SQL

TECHNICAL EXPERIENCE

Code2College

2022 - Current

Participant - Elite 102

- Used Python and SQL to create a banking app that allows users to check balance and deposit/withdraw funds
- Learned how to use MySQL to access data and transmit it to the Python app and write unit tests

Participant - Elite 101

- Learned introductory programming concepts including Git, Jira ticketing, and basic software testing concepts
- Developed a technical project using Python: a Chat Bot that simulates a conversation with a user

Participant - Embedded Systems

- Developed a GUI for a vehicle dashboard using C++ and QT Creator on a Raspberry Pi
- Wired circuits through GPIO to interact with a Raspberry Pi and QT Creator programs

Participant - Bootcamp II

- Expanded on coding basics to build a word-guessing game with a CLI and basic graphics and a Wordle clone
- Dived deeper into loops, functions, conditionals, string/list methods and recursion

Participant - Bootcamp I

- Developed several technical projects in Python using intermediate concepts
- Attended professional development workshops to improve time management, professional skills, and technical portfolio

LEADERSHIP & COMMUNITY SERVICE EXPERIENCE

National Honors Society - Akins Chapter

2023 - Current

Treasurer

- Leads the Fundraising efforts as the Treasurer of Akins High School's chapter
- Completes 15 hours per semester of community service work in within the chapter's school and surrounding community

Akins Yearbook

2022 - Current

Editor-in-Chief

- Headed the design, layout, and template creation of the 2024 and 2025 yearbooks
- Led the yearbook staff during the 2024-2025 school year by assigning and supporting staff and making major design decisions

AWARDS

AISD Trustee Award

2022 - 2024

AP Scholar with Honors

2024
